PRICE, ONE GUINEA.

How do you live in the Back Woods?

How do you keep warm when the thermometer stands between 30 and 40 below zero? And sundry similar questions are invariably asked by those interested in Wild Sport.

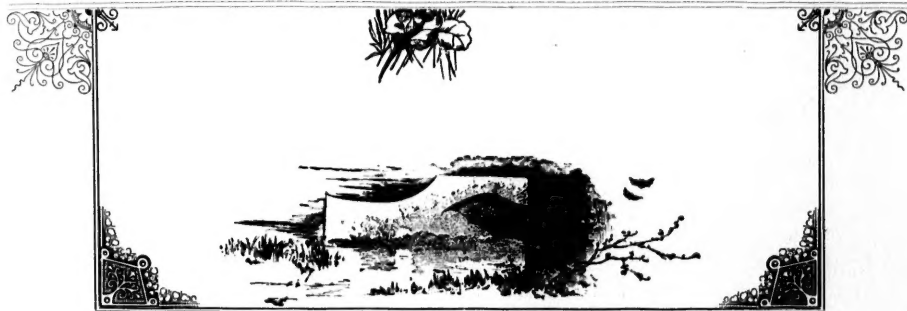

As a seemingly fit response the following Scenes have been selected from photos taken, during nine months of Autumn, Winter, and Spring Hunting in the Rocky Mountains of Kootway, British Columbia.

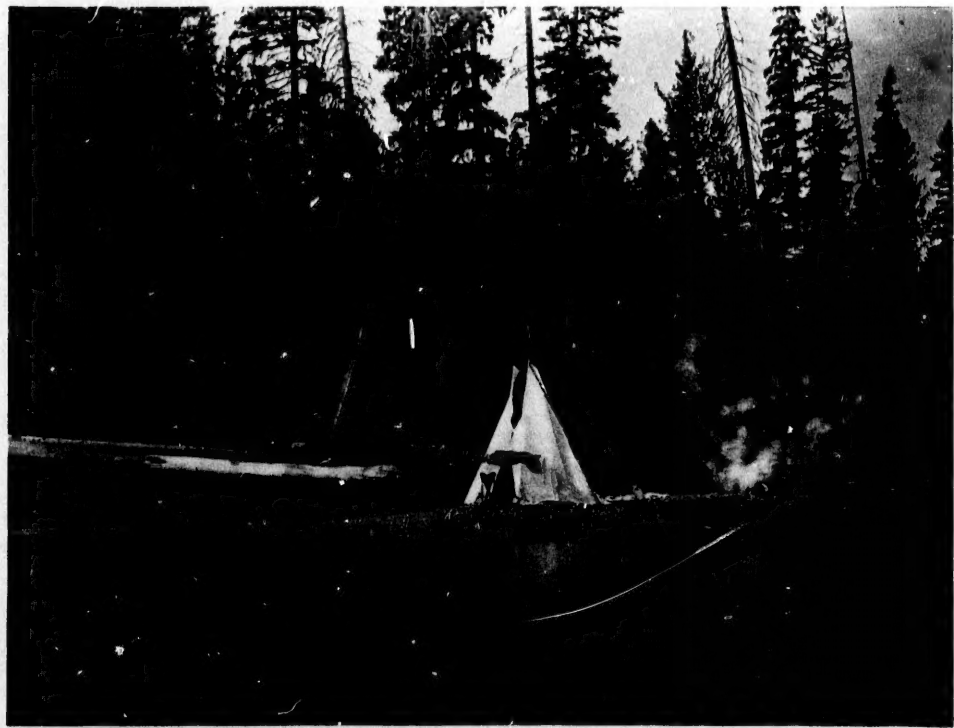

SPECIALTY  
#20-00
